NWH ALDER GRADES SORTED TO WIDTH

NWH is pleased to announce our new Alder Sorted to Width (STW), a move aimed at helping enhance yield and maximize your inventory investment.

Maximize the Value of Every Piece

By sorting our 4/4 Alder Premium and Superior into precise width ranges, we streamline your production and inventory management, ensuring you receive lumber that meets your exact specs with minimal waste. This new approach maximizes material use, guarantees precise and predictable dimensions, and makes manufacturing a little bit easier.

Manufacturers seek precise yields, and our pre-sorted Alder grades deliver.

New Product Specifications

Superior Grades	Width Range	Notes
SUP4	4 - 5"	All Superior sorts are from pure pulls. (No veneer grades pulled out)
SUP5	5 - 6"	
SUP6	6 - 7"
