NWH SERVICE CENTER: LOUDONVILLE, OH

Simple. Natural. Hardwoods®.

Since 2008, NWH Loudonville has been a driving force in our company's growth. Situated on 44 acres in north central Ohio with a sprawling 440,000-sq.-ft. facility, Loudonville is more than just a production hub—it's a community of dedicated professionals committed to excellence.

Western | **Glacial** | **Appalachian**

Services

NWH's Loudonville, Ohio Service Center is dedicated to providing hardwood lumber tailored to your unique needs. With a wide variety of species on site, available for mixed loads, we offer the flexibility and convenience to support your production.

Scan for More Information

nwh.com/loudonville-ohio

Services Include:

Surfacing: Available for all thicknesses (4/4 – 16/4)

Ripping: Straight-Line Ripping or Two-Edge Ripping for accurate and square cuts

Sorting: By width, grain, or by species color characteristics

A Production Powerhouse

High Volume & Versatility: With the capacity to process up to 15MMBF of lumber annually, Loudonville combines production scale with the flexibility to handle mixed truckloads and diverse customer requirements.

Flexible Scheduling: Same-day and next-day order capabilities, low minimum orders, and expedited lead times help keep your production running without delays and make sure urgent demands are always met.

Robust Infrastructure: Ample space for raw materials and finished goods enables efficient workflows, consistent inventory, and short lead times. Freight options include flatbeds, vans, containers, and conestogas from this strategically located facility.

Efficient Distribution: Multiple outbound truckloads ship daily throughout Eastern Ohio. Customers can consolidate North American hardwoods from all three growth regions, exotic lumber, and plywood into highly mixed loads, reducing freight costs and simplifying purchasing.
